

# Mobile Phone and Smart Watch Use Policy

## Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school.

## Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

## Storage of personal devices

Devices should remain securely stored in the student's bag.

If the student does not comply, consequences for the failure to follow these guidelines shall be in accordance with the Behaviour Education Policy and in the case of misuse students will be asked to hand their phones in to the front office for secure storage.
