

## Strategic Improvement Plan

Brighton Primary Schools Strategic Improvement Plan has a number of components.

- The Hexagonal representation of BPS priorities for 2018.
- A Site Improvement Plan 'mantra' that all staff will follow.
- Clear articulation regarding what authentic Student Voice/Rigour and Challenge look like.
- Performance Management timeline that supports effective whole school staff performance development.
- Quality Teaching and learning focussing on :
  1. Numeracy
  2. Literacy
  3. Learning Design and Moderation
  4. STEM
  5. Whole School Agreements
  6. Effective Whole School Performance Development
- CDE review recommendations - Brighton's response.

Importantly our Site Improvement Plan will be regularly reviewed/ improved as it is overseen regularly by our Site Improvement Team that meets every fortnight. It must be a 'living' document, not one that is written and reviewed once or twice a year.
