Bleasdale Vineyards has earned an enviable reputation achieving some of the wine industry's highest awards both nationally and internationally – including being named **HALLIDAY WINERY OF THE YEAR** in 2024.

Established in 1850, when English migrant Frank Potts travelled through the region and noticed its potential through the rich, fertile soils and enormous red gum trees lining the banks of the Bremer River. It was with these red gum trees that Frank and his descendants were to craft the 3.5 tonne lever press and wine vats that can still be seen in the winery today.

The philosophy of the Bleasdale winemaking team is to capture the essence of what makes Langhorne Creek red wines so attractive – vibrancy, harmony and texture. Cabernet Sauvignon has elegance and captivating depth of flavour. Shiraz is a ripe fruit style with refined cool climate spice elements and Malbec is perfumed and finely structured. Each vintage over 200 different parcels of wines are made, all expressing their own individuality based on micro-climate and terroir.

The winemaking team's philosophy is to allow the region to express naturally what it produces with minimal influence by winemaking.
